

E2L - Eat to Live Farm & Gardens

Angelic Organics Learning Center leads the Eat to Live Farm & Gardens project. E2L aims to help people get, grow, and eat more healthy food and improve household and community health and wealth. **JOIN US!**

In E2L's Learning Gardens, help to grow fresh, healthy food from April through October. Learn basics of organic gardening, soil, compost, plants, insects, seeds, tools...

E2L's Learning Gardens:

- **E2L Princeton = 7029 S Princeton Ave.**
- **E2L Vincennes = 7310 S Vincennes Ave.**

E2L's Incubator Farm supports new small farm businesses at 325 W 70th Place. If you are a farmer looking for space to grow, let us know!

We also offer workshops and info about growing & cooking good food, improving access to healthy food in the neighborhood, urban ecology & farming, & more.

Get involved! Volunteer in Gardens... come to workshops & events... help plan sites & programs!
